

# Riccardo Periotto

Computer Scientist | Autonomous Systems Engineer

## About me

Guided by my passion for studying and technology, I approached the world of ICT in high school and delved into the subject until I graduated in Trento. Between my bachelor's and master's degrees, I worked in the field to understand what my passion really was. I am now in the final year of my master's degree in autonomous systems and my main goal is to develop software for robots. Industrial robotics, control, and deep learning are the subjects I prefer and I am ready to apply them to my next challenge!

## EDUCATION

sep 2022-  
Ongoing

**Master's Degree**  
**KTH Royal Institute of Technology**

📍 Stockholm, Sweden

*Autonomous System*

Second year of the Master's degree in Autonomous System, EIT Digital program

jul 2017-  
aug 2020

**Summer School**  
**Technical University of Munich**

📍 Munich, Germany

*Industry 4.0*

EIT Digital program Summer School. Topic: IoT platforms for Industry 4.0

sep 2017-  
jul 2020

**Master's Degree**  
**University of Trento**

📍 Trento, Italia

*Autonomous System*

First year of the Master's degree in Autonomous System, EIT Digital program

sep 2021-  
sep 2023

**Master's Degree**  
**EIT Digital**  
*Autonomous Systems*

📍 Europe

sep 2017-  
jul 2020

**Bachelor's Degree**  
**University of Trento**  
*Computer Science*  
**Degree: 110/110 with honours**

📍 Trento, Italia

sep 2014-  
jul 2017

**High School Diploma**  
**ITT Marconi Rovereto Marconi**  
*Computer Science*  
**Grade: 100/100 with honours**

📍 Rovereto, Italia

## WORK EXPERIENCE IN THE STUDY SECTOR

jan 2021-  
jul 2021

**Software Engineer**  
**BM Group Polytec S.p.A.**

📍 Borgo Chiese, Italy

*Software engineering and manufacturing*

Development of cloud solution for industrial plants and robotic cells

nov 2020-  
dec 2020

**Data Engineer**  
**Capgemini**

📍 Milan, Italy

Think fast: this was not my job

oct 2019-  
feb 2020

**Computer Science Intern**  
**SpazioDati S.r.l.**

📍 Trento, Italy

Thesis project with large datasets and company APIs

## FRAMEWORKS AND TOOLS (main ones)

**Software development**

.NET: *advanced*  
Node.js: *advanced*  
Unity: *intermediate*

**ML/DL**

Scikit-learn: *intermediate*  
PyTorch: *intermediate*

**Others**

git: *advanced*  
ROS2: *beginner*  
MapleSim: *beginner*
